LOCAL INTELLIGENCE.

MILITARY NOTES.

At present there is considerable discussion in reference to the place of holding the next annual encampment of the First Artillery Regiment. The general opinion among the officers and men is that it should be held at Santa Cruz or Monterey, but there are many who favor the pitching of the tents between San Jose and Santa Clara. There are also some who favor Woodland, but it is hardly likely Company F will urge that place. The men of the regiment are as anxious as those of the valley and mountain companies, to get a few mouthfuls of air from the ocean, believing such would be beneficial to them, and that this is a matter of local concern, agitated too much, as there are now only some four months in which to make all preliminary arrangements.

Next Saturday night a meeting of the Board of Directors of the First Artillery Regiment will be held, and at this it is expected the encampment will be discussed.

At the Pavilion, Monday evening the regular drill and baton-roll of the Sacramento companies of the First Artillery Regiment will be held. It will be open to the public, and at its conclusion there will be a dress parade.

The recently organized Company B, of the First Artillery Regiment, is making splendid headway in acquiring a knowledge of drill. As yet they are not armed or uniformed, but will be within a very short time. This company, at present, are at last evening for drill exercises. There are 70 able-bodied young men enrolled, and it is expected at their next meeting their number will be increased to 100. Company B expects to be, and the members say they mean to be, the best company of the regiment. So much to be.

In compliance with Orders No. 3, issued from Brigadier Headquarters, an inspection of the First Artillery Regiment located in Sacramento will be held on the following evenings: Company A, on Tuesday evening, March 14th; Governor's Guard, Wednesday evening, March 15th; Company B, Thursday evening, March 16th; Company G, Monday evening, March 20th. The inspection will be conducted by Major H. W. Carroll, Brigade Inspector, assisted by Captain J. A. Sheehan. Aid-de-Camp to the staff of the Brigadier-General, and will take place at the different company armories.

BOARD OF SUPERVISORS.—The Board met at 10 A. M. yesterday. Present—Supervisors Drennan, Wilson, Blair, Butler, Bailey, Christy and Belcher. The claim of P. H. Coggins, having been referred to the Finance Committee, was referred to the Board with the instruction that it be referred to the District Attorney with instructions to investigate the legality of the claim. It is ordered, a communication was received from H. W. Weaver, Clerk of San Joaquin county, relative to the construction of a bridge across Dry Creek, between the towns of San Joaquin and San Joaquin county, stating that they were now ready to construct their portion of a bridge across Dry Creek on the section line, dividing sections 25 and 26, towards the south, of this county instructed to notify the Board of Supervisors of San Joaquin county that Sacramento county is not prepared at this time to construct the bridge. Upon motion and a vote, the bridge at \$100 was allowed Mr. Cook for relief, and \$10 to Mrs. George for the same purpose.

ELECTION REGULATIONS.—Chief Karcher gives notice by card that he has therefore enforced the "100 foot" provision of the election law and proposes still to do so. The subject as to what this provision is has been considerably debated during the past few days, and makes an explanation of exactly what that provision is. The provision referred to is in the card is embodied in Section 1192 to 1195 inclusive of the Political Code, and provides that a ballot shall be rejected or received except by the Inspector or Judge, or not valid, if the voter has not signed the contents of the ticket that he intends to vote.

A LONG TALE.—In the great debt trial just concluded the arguments consumed thus much of time: For The People Mr. Cadwalader spoke nine hours and twenty minutes, Judge Rhodes six hours, Mr. Bayne three hours, Judge Belcher three hours, General Hart five hours, Mr. Clegg three hours, total, two hours and fifty minutes. For the defendant Mr. Wilson spoke seven hours and forty five minutes, W. C. Belcher seven hours, Mr. Catlin three hours and forty five minutes, W. C. Belcher, two hours and twenty-four hours and fifteen minutes. Total length of argument, fifty-one hours and five minutes. The synoptical report of this argument occupied in the columns of the RECORD UNION twenty-five and three-quarters columns, solid.

THE WEATHER.—It commenced raining in this city yesterday at 3:30 p. m. The first few hours were light, but the rain increased. At 9 p. m. the rain began to descend in a steady shower, and continued to come down up to the time this paper went to press. The indications are that a late hour was good for the weather.

THEIR OPINION OF US.—A Dresden Record-Union correspondent says: A few days since a man was arrested in Dresden for firing a revolver within the city limits. He defended himself in a court-room by saying, "I did not fire it, but I called it in a few days, and only wanted to practice."

I-SECT PESTS.

Prior to 1875 the fruit-growers of this State entertained the opinion that their industry was absolutely safe from the insect pests, such as were known in orchards in other states, and that the market for their fruit was not to be depended upon.

Mr. Rhodes, formerly of this city, has taken up his residence in the town of Truckee.

Charles H. Putnam, of this city, is now engaged in raising fruit in the valley of the Sierras.

At first this pest was confined to the country, but has now spread to the valley of the Sacramento, and the San Joaquin.

At present there is considerable discussion in reference to the place of holding the next annual encampment of the First Artillery Regiment. The general opinion among the officers and men is that it should be held at Santa Cruz or Monterey, but there are many who favor the pitching of the tents between San Jose and Santa Clara.
